

Governors Island Public Forum

Five stellar teams have created their vision for Governors Island parkland. Come to Governors Island Preservation & Education Corporation's forum to hear each team present their vision for a new promenade and park on the Island. Then let GIPEC know what you want to see in your park.

It's your island, it's your park.

Make your voices heard on **June 20th** at GIPEC's public forum
from **6:30 - 8:30 p.m.**

Make your park a destination for real New Yorkers.

The Island should be a great canvas for artists, a stage for performers, a sports field for kids, a haven for boaters, and a playground for everybody.

Make your park big and beautiful. The deed restrictions call for about 90 acres of parks and public spaces. The centerpiece should be a minimum 40 acre park on the waterfront.

Make your park happen now. Tell GIPEC – and the Governor and Mayor - to keep their commitments to build your park. Capital funding this year would allow park improvements to start right away.

Fashion Institute of Technology's Reeves Great Hall
28th Street and 7th Avenue
June 20th, 2007
6:30 - 8:30 p.m.

If you cannot attend the public meeting, send your comments to GIPEC at comments-gipec@empire.state.ny.us or 10 South Street, Battery Maritime Building, Slip 7, New York, NY 10004
